Zamboanga City, July 5, 2019 – The Philippine National Police-Special Action Force in partnership with Pamilya Muna Pilipinas Inc. conducted its Family Welfare Program and Special Action Team Leaders’ Training last July 2-4, 2019 to its 5th Special Action Battalion (5th SAB) in Zamboanga City. The 5th SAB is headed by Police Lieutenant Colonel Romil Avenido. In attendance during the 3-day training were the Company Commanders and Team Leaders of the battalion. Some team members came all the way from Sulu, Basilan and Tawi-Tawi provinces – islands that are the most southern tip of the Philippines and are known as “conflict areas.” These provinces are within the Bangsamoro Autonomous Region of Muslim Mindanao. There were 80 team leaders in attendance and most of these men are our heroes during the war in Marawi City.

The team from Manila headed by Pamilya Muna Pilipinas’ Executive Director, Dr.

Grace Sumbillo and Police Major Ford Sudaypan trained the group on the Special Action Force Team Development Program wherein team leaders were trained on how to create accountability groups among them. This is in line with the Philippine National Police’s program on Preventive Internal Cleansing. Dr. Sumbillo together with some police senior leaders including a bible-integrated weekly discussion based on the police core values, creed and ethical doctrines.

On the second day, Cheps Espina facilitated Be A Better Dad Today seminar-workshop and on the third day,

Dr. Sumbillo, facilitated Personal Financial Management.

The 3-day training was held in Victory-Zamboanga. The team would like to thank Pastor Mark Evangelista, senior pastor and his team of pastors who gave a very warm welcome to the team and allowed them to use their venue for this event.

Pastor Romel Insular, Discipleship Pastor, together with the other pastors and V-Group leaders will spearhead a weekly mentoring session with the Special Action Team Leaders in the headquarters of the 5th SAB starting with its battalion commander and company commanders.

— END —
